

Pursuant to Act No. 283/1992 Coll., on the Czech Academy of Sciences, as amended, Act No. 341/2005 Coll., on public research institutions, as amended, and in accordance with the Statutes of the Czech Academy of Sciences dated 24 May 2006, the Czech Academy of Sciences hereby issues

**the Full Text of the Foundation Deed of
the Nuclear Physics Institute of the Czech Academy of Sciences
(in Czech “Ústav jaderné fyziky AV ČR, v. v. i.”)**

dated 28 June 2006 (English version dated 20 December 2006), as subsequently amended by Addendum No. 1 dated 2 January 2009, Addendum No. 2 dated 26 April 2010 and Addendum No. 3 dated 2 May 2019:

I

(1) The Institute has been established by the resolution of the twenty-fifth session of the Presidium of the Czechoslovak Academy of Sciences (hereinafter the “CSAS”) held on 22 December 1971, effective from 1 January 1972, under the name the Nuclear Physics Institute of the CSAS. Under section 18 (2) of Act No. 283/1992 Coll., the Institute became an entity within the Czech Academy of Sciences as of 31 December 1992. By the resolution of the constituting session of the Academy Assembly of the Czech Academy of Sciences held on 24 and 25 February 1993, the Institute of Radiation Dosimetry of the Czech Academy of Sciences, identification number 00213772, located in Prague 8, Na Truhlářce 39/64, was consolidated into the Nuclear Physics Institute of the Czech Academy of Sciences as of 30 June 1994.

(2) Under Act No. 341/2005 Coll., the legal status of the Nuclear Physics Institute of the Czech Academy of Sciences was transformed from a state contributory organisation into a public research institution (abbreviated in Czech as “v. v. i.”) from 1 January 2007.

II

(1) The Nuclear Physics Institute of Czech Academy of Sciences (hereinafter the “NPI”) is established for an indefinite period as a legal entity, identification number 61389005, headquartered in Husinec-Řež No. 130, postal code 250 68.

(2) The founder of the NPI is the Czech Academy of Sciences, an organisational body of the state, identification number 60165171, headquartered in Prague 1, Národní 1009/3, postal code 117 20.

III

(1) The purpose for which the NPI has been established is to carry out scientific research in the fields of nuclear physics and related scientific disciplines, to contribute to the utilisation of its research results, and to provide the research infrastructure.

(2) The principal activity of the NPI is scientific research in the fields of nuclear physics and related scientific disciplines and the use of the nuclear physics methods and procedures in interdisciplinary fields of science and research, especially in biology, environmental science, medicine, radiopharmacy and materials science. The NPI contributes to raising the level of knowledge and education and to utilising the results of scientific research in practice. It acquires, processes and disseminates scientific information and issues scientific publications (monographs, journals, proceedings, etc.). It provides scientific assessments, professional opinions and recommendations, consulting, advisory and expert services. In cooperation with universities, the NPI carries out doctoral study programmes and provides training for young scientists. Within the scope of its activity, the NPI promotes international cooperation, including the organisation of joint research projects with foreign partners, participation in exchange programmes for scientists and the exchange of scientific information, as well as the preparation of joint publications. The NPI organises scientific meetings, conferences and seminars at the national and international levels and provides the infrastructure for research, including accommodation for its employees and guests, and for the international cooperation of the Czech Republic in the field of nuclear sciences. It pursues its aims both independently and in cooperation with universities and other research and professional institutions.

(3) The other activity of the NPI includes supplying irradiation services on the beams of charged particles including radionuclides and their indicated compounds preparation, providing dosimetry services and analysis with the utilization of nuclear methods under the conditions of licences to use a radiation source of the State Office for Nuclear Safety and in compliance with the Act No. 341/2005 Coll. The total extent of the other activity may not exceed 10 percent of the working capacity of the NPI.

IV

(1) The director, the board and the supervisory board are the bodies of the NPI. The director is the statutory body of the NPI and is entitled to act as a deputy for the NPI.

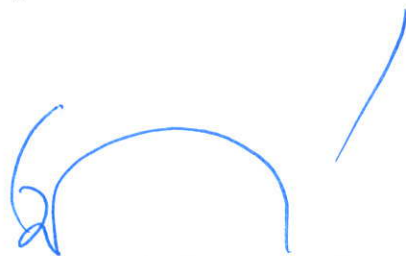

(2) The basic organisational units of the NPI are scientific departments responsible for research and development, and service departments responsible for provision of the infrastructure.

(3) The detailed organisational structure of the NPI is regulated by the rules of organisation issued by the director after being approved by the board.

V

This Foundation Deed shall be effective as of 2 May 2019.
