

Doppler Institute Conference

Analytic and algebraic methods in physics XXIII

August 25 - August 28, 2026, Prague

This year, honoring Miloslav Znojil's contributions in mathematical physics on the occasion of his 80th birthday

Scope

This conference aims to bring together scientists working in various areas of applied mathematics, theoretical and mathematical physics, with emphasis on but not limited to modern developments in quantum physics. The meeting is traditionally held in Prague since 2007. It has become popular for its informal atmosphere and promotion of young researchers.
